# IMPORTANT INFORMATION

## *PLEASE READ!*

### TO ENSURE THE SAFETY OF YOUR CHILD:

- You must notify us if your child has any allergies or dietary restrictions. *We do not have access to any information shared with the school nurse or other PS116 professionals.*
- Please make sure that all 'Emergency Contact' & 'Authorizations for Pick Up' are up-to-date in your 116Kids account. *We do not have access to 'Blue Cards.'*
- Please be aware that we do not allow same-day enrollments. Please plan accordingly.
- Our Behavioral Policy is posted at [www.116kids.org/about](http://www.116kids.org/about)

### PICK-UP & DISMISSAL:

- No early pick-ups can be accommodated before 3:15pm or after 4:45pm.
- Dismissal for 116Kids is at 5:00pm on E 33<sup>rd</sup> St, outside of the school's main entrance. **Please wait for your child's class to assemble at their line spot and make eye contact with your child's instructor before retrieving your child at dismissal. Please be patient as we dismiss all children to their families.**
- We offer Extended Hour, from 5:00–6:00pm, for an additional \$12.50/day, paid on a full semester basis.
- **Dismissal time is strictly enforced.** Please avoid Late Fees by always picking up your child on time.
  - We offer a 10-minute grace period for all regular dismissals from 5:00-5:10pm.
  - After **5:10pm**, students will join our Extended Hour and a \$15 drop-in fee will be charged.
  - **All Extended Hour students must be picked up and out of the building by 6:00pm.**
  - Between 6:01-6:15pm, a \$20 Late Fee will be charged.
  - Between 6:16-6:30pm, the Late Fee increases to \$40.
  - After 6:30pm, the Late Fee increases to \$50.
  - Subsequent late pick-ups will result in expulsion from our program.

### REGISTRATION TIPS: (SAVE TIME WHEN REGISTERING BY READING THIS NOW!!)

- **Please pay special attention to the grade groupings and register only for the classes for which your child is eligible.** *If you receive the error message "this student doesn't meet the grade requirement for one or more classes," confirm that your information is correct then click 'Checkout' to bypass that message. It will NOT stop you from enrolling.*
- While most of our classes are a balance between active, outdoor activities and enriching arts or STEM-based projects, some classes focus solely on more in-depth classroom-based activities. These classes DO NOT schedule any time for free-play in our yard or gym and are labelled with \* on the following pages. ***If your child is looking for more active play, please consider enrolling in one of our other classes.***
- **Some classes sell out in seconds.** *This is not a glitch. Those classes are very popular and most of our families enroll exactly at 12pm. Please have a 2<sup>nd</sup> choice class selected.*
- **Hi-Five Sports is a separate program, not affiliated with 116Kids.** Online registration and payments for this class will be made directly with Hi-Five. These classes are held in our gymnasium. Visit [www.hifivesports.com](http://www.hifivesports.com) for class descriptions and to enroll.

*Please respect our policies as they are in place to keep your child safe!*

## MONDAYS

### **Meet the Artists: NYC\* • Grades K-2 • Chuck Connelly**

Basquiat, de Kooning, Carmen Herrera, Helen Frankenthaler ... the list goes on. We'll examine works by these, and other, famous artists who got their start right here in NYC. Students will explore how each artist's unique style and story can inspire their own creative voice as they create works of their own. We'll use a variety of mediums to paint, sculpt, and draw masterpieces to rival the originals.

### **Musical Building Blocks: Beats & Melodies\* • Grades K-2 • Jimmy Stull/Holland Wyatt**

In this dynamic music class, students will explore the fundamentals of percussion and keyboards. They'll break down songs to understand rhythmic structure, create their own instruments, and use body percussion to make beats. Students will also learn how to tell melodic stories by studying keyboard basics. Through a mix of individual and group work, students will practice essential techniques such as finger placement, chord progressions, scales, and key recognition. Students will gain the tools they'll need to become the next generation of composers.

### **Cardboard Kingdom\* • Grades 3-5 • Roxanne Warrick**

Welcome to the Cardboard Kingdom, where your wildest ideas come to life with just cardboard and your limitless creativity! Let's transform simple boxes into castles, rockets, and even fantastical creatures! Learn the process of taking an idea from your imagination and bringing it into the real world using design, engineering, and some epic new tools. You can build it!

### **MythBusters Live • Grades 3-5 • Tatiana Tiff**

Students will become real-life, on-air experimenters as they test viral myths, internet legends, and everyday curiosities — all while learning how to tell fact from fiction in the digital age. Each week, students will brainstorm and choose "myths" to test, safely research online claims and learn how to spot trustworthy sources, discover the basics of media literacy, and record their experiments live. *IF YOUR CHILD HAS A FOOD ALLERGY OR DIETARY RESTRICTIONS, YOU **MUST** CONTACT US SO THAT WE CAN PLAN TO KEEP YOUR CHILD SAFE.*

---

## TUESDAYS

### **Animal Nation • Grades K-2 • TBD**

Join us for the ultimate after-school adventure for animal lovers and craft enthusiasts! Each week, we'll discover a different animal and dive into a creative project inspired by it. From duck hats to gator gobblers, paper plate fish to bottlecap snakes, every session is packed with hands-on fun, wild facts, and plenty of imagination. Come explore the animal kingdom one craft at a time.

### **Cooking Crafts • Grades K-2 • Holland Wyatt**

Let's create (and eat) fun projects using supplies you'd find in the kitchen! We'll assemble beautiful yogurt parfaits, create candy sushi, and design our own edible jewelry. New & returning students welcome. We keep all lesson plans fresh each session. *IF YOUR CHILD HAS A FOOD ALLERGY OR DIETARY RESTRICTIONS, YOU **MUST** CONTACT US SO THAT WE CAN PLAN TO KEEP YOUR CHILD SAFE.*

### **Playground Games • Grades K-2 • Cherry Liu**

This high-energy class is all about classic playground games like tag, capture-the-flag, relay races, and more! Kids will work together, develop teamwork skills, and challenge themselves with exciting activities that get everyone moving. Let's get outside, play hard, and make some awesome memories on the playground!

### **116News: In the Spotlight • Grades 3-5 • Tatiana Tiff**

In this exciting new edition of *116News*, students step into the spotlight as broadcast interviewers. From teachers and 116Kids staff to fellow students, our reporters will learn how to craft thoughtful questions, conduct engaging interviews, and bring meaningful conversations to life on camera. Along the way, students will develop confidence, public speaking skills, and a deeper understanding of storytelling — all while building a community-focused news program they can be proud of.

### **Pop-Up Book Making\* • Grades 3-5 • Roxanne Warrick**

You're invited to the party where imagination blooms with every flip of the page! By the end of our adventure, you'll have a fantastic handmade pop-up book to amaze your friends and family. Every week, we'll learn how to build a new pop-up mechanism to make your story pop using paper engineering skills and your endless creativity. This class will be popping off!

*\*These classes do not schedule time for free-play in our yard or gym.  
If your child is looking for active play, please consider enrolling in one of our other classes.*

---

## WEDNESDAYS

### **Paint Studio • Grades K-2 • Jon Kristjanson**

Let your child's imagination run wild with color in our fun-filled painting class! In this class, young artists will explore the world of painting through exciting techniques and vibrant colors. From abstract art to landscapes, each session will encourage creativity while helping kids develop their artistic skills. They'll learn how to mix colors, use different brushes, and experiment with textures to create their own masterpieces.

### **Science Around Us\* • Grades K-2 • Liza LaTurno**

Bring your curiosity as we learn to apply the scientific process in fun ways. We'll test out chemical reactions with a BOOM and experiment with kitchen science with yummy results! Each session of this popular class includes new projects, so new and returning students are welcome. *IF YOUR CHILD HAS A FOOD ALLERGY OR DIETARY RESTRICTIONS, YOU **MUST** CONTACT US SO THAT WE CAN PLAN TO KEEP YOUR CHILD SAFE.*

### **You Should be Dance-zen • Grades K-2 • Izzy Hanson-Johnston**

In this combination dance and yoga class, students will exercise their bodies and relax their minds as they learn different styles of dance and practice yoga and mindfulness. This class is the perfect blend of high-energy movement and peaceful mindfulness. Students will explore a variety of dance styles — from hip-hop to modern to creative movement — followed by calming yoga poses and simple mindfulness exercises.

### **Art & Chill\* • Grades 3-5 • Roxanne Warrick**

Just take your art as it comes and have fun surprising yourself! Even if you don't think you are an artist, creating your own art journal will prove you wrong. Let your inner artist run free and create an amazing book using fun techniques and materials. Every week, we'll explore a different topic and learn new methods. This approach is a great way to relax, express yourself, and make something really special.

### **Game On! • Grades 3-5 • Holland Wyatt**

Get ready to move and play in this action-packed class where students try out a variety of sports, active games, and team challenges each week. From classic favorites like capture-the-flag and kickball to relay races and strategy-based games, this class keeps kids engaged, moving, and working together.

### **Photography • Grades 3-5 • Tatiana Tiff**

In this creative class, students will learn the basics of using a camera and explore cool photography techniques. We'll dive into black and white images, high and low angles, and the magic of light and shadow. Students will discover how perspective changes a photo and how to use positive and negative space. From experimenting with camera effects to trying out Polaroids, this class is perfect for young photographers ready to see the world in a new way!

---

## THURSDAYS

### **Fitness Fun • Grades K-2 • Cherry Liu**

Let's get moving! This high-energy class is designed to help children develop strength, flexibility, coordination, and a love for physical activity through exciting fitness routines and engaging games. Each session includes dynamic warm-ups, kid-friendly exercises, interactive group challenges, and cool-down stretches to support healthy development.

### **Pop Star • Grades K-2 • Izzy Hanson-Johnston**

Who's ready to be a star? Each week, we'll sing and dance along to the latest (age-appropriate) hits, as well as some classics. We will also work on learning lyrics and choreography for our culminating project – a group music video that we'll share with families at the end of the semester!

### **Storytime/Playtime • Grades K-2 • Jon Kristjanson**

Join us for a magical time of storytelling and play! In this class, kids will listen to captivating stories, from exciting adventures to heartwarming tales, and then bring those stories to life through imaginative play. This class is the perfect blend of reading, creativity, and play, where kids can let their imaginations soar while developing language skills and making new friends.

## THURSDAYS (continued on next page)

*\*These classes do not schedule time for free-play in our yard or gym.  
If your child is looking for active play, please consider enrolling in one of our other classes.*

---

**THURSDAYS (continued from previous page)****Nature Quest\* • Grades 3-5 • Roxanne Warrick**

Come with us on a waterbear hunt - collecting various water samples and searching for the tough and adorable tardigrade using our microscope. And while we're at it, we'll collect samples of flowers and seeds and other plants to prepare our own slides to examine their microscopic structure. We'll also grow our own hydroponic garden and learn to make delicious and healthy snacks using the produce we grow. And you will also make a miniature flower press and to preserve flowers and plants in your nature journal. Let's get out and take a closer look at the wonder of nature.

**Prop Masters • Grades 3-5 • Tatiana Tift**

Get ready to get messy, creative, and a little creepy! Students will become behind-the-scenes artists for our *Movie Making* class, crafting realistic props that bring stories to life. Learn the secrets of special effects: how to mix up convincing fake blood and vomit, design and build the illusion of a severed arm, and compete in a challenge-style movie makeup showdown. From slime to scars, this hands-on class blends art, science, and a love of all things cinematic. *IF YOUR CHILD HAS A SKIN ALLERGY OR SENSITIVITY, YOU **MUST** CONTACT US SO THAT WE CAN PLAN TO KEEP YOUR CHILD SAFE.*

---

**FRIDAYS****Storytime Adventures\* • Grades K-2 • Roxanne Warrick**

Let's jump into the imaginary world of our favorite books! We'll create arts & crafts projects, play games, and have adventures based on amazing books like *Elephant & Piggie*, *Those Darn Squirrels*, and *The Day the Crayons Left*. We'll even have a SECRET PIZZA PARTY (shh... it's secret)!

**DIY: School Supplies • Grades 3-5 • Izzy Hanson-Johnston**

Head into the new school year with style. Add some flair to your desk with fabulous and fun crafts like washi tape pencils, a custom dry erase board, and a duct tape pencil case. We will have fun each week creating our eye-catching designs.

**Movie Making • Grades 3-5 • Tatiana Tift**

Lights, camera, action! Together we will write, direct, perform in, and edit our own movie! Each student will have their own role/responsibility, from director to editor to actor. Get ready to use all of your skills and be a part of a production team to make something amazing.
